CIRCULAR FOR 1865.

The next term commences on the FIRST TUESDAY IN SEPTEMBER, and will continue sixteen weeks. Degrees are conferred at the close of the term.

The COLLEGE edifice is spacious and commodious, and pleasantly situated near the Capitol and other public buildings. The Lecture Rooms, Working Laboratory, Anatomical Theatre, and Dissecting Rooms, the halls for Museum and Library, combine all the requisites to render them convenient and suitable for medical and surgical instruction.

The Museum, in the variety of its specimens, both natural and morbid, in the number of its rare and valuable preparations, and in the abundant means which it furnishes for practical illustration, is not surpassed by any in the country.

It contains all the morbid specimens accumulated during a long course of surgical practice by Prof. March. These are sufficiently numerous and valuable to form of themselves a very large Museum.

It contains Prof. McNaughton's valuable Collections accumulated during twenty year's connection with the College of Physicians and Surgeons of the Western District. Also the extensive and valuable Collections of Prof. Armsby, embracing a great variety of vascular, nervous and other preparations, which have been constantly accumulating since the establishment of the Institution.

The casts, plates, models, and morbid specimens, imported from Europe, are very numerous, comprising most of the valuable pathological models of Thibert, and of others skilled in this branch of art.

It is asserted with great confidence that no collection in the country affords means more extensive for illustrating anatomical structures and the various forms of disease, than the Museum of this College. It is at all times open to students; and the specimens and preparations are so arranged as to afford opportunities for study and illustration.

The CHEMICAL APPARATUS is extensive and complete, enabling the professor to exhibit all the experiments illustrative of the powers that influence chemical action. The application of chemistry to medicine, is made a special object throughout the course.

The LECTURES on Materia Medica are illustrated by specimens of all the known remedies.

The LIBRARY numbers nearly 5,000 volumes, a portion of which is appropriated to the use of students during the lecture term. No fee is charged for the use of books to those who have matriculated. *Students are advised to furnish themselves with one good text book in each department.*

The following works are recommended by the Faculty :

Surgery — Druitt, Erichsen, Miller.

Anatomy — Wilson, Horner, Liedy, Gray.

Theory and Practice — Eberle, Wood, Watson.

Chemistry — Silliman, Fownes, Miller, Kane.

Materia Medica — United States Dispensatory, Wood's Materia Medica, Stille's Materia Medica.

Obstetrics — Rigby, Churchill, Ramsbotham, Cazeaux, Bedford, Meigs, Hodges.

Physiology — Carpenter, Dalton, Kirkes, Todd and Bowman.

The WORKING LABORATORY, for instruction in Practical and Pharmaceutic Chemistry, will be open during the term. The course of instruction includes the preparation of compounds used in medicine; the determination of the purity of medicines; the examination of the principal bases and acids, including a systematic course for their detection; the analysis of blood, urine, &c., &c., particular attention being paid to the *detection of poisons*. Laboratory ticket, \$10.

Students will be charged for breakage and chemicals used by themselves. The hours for working will be so arranged as not to interfere with the lectures and other College exercises.

This new feature of medical instruction, so essential to the successful practitioner, has already exceeded the most sanguine expectations, a large number of students having already availed themselves of its advantages. A spacious *working* Laboratory has been erected, and furnished with all the necessary fixtures and apparatus.

The DISSECTING ROOMS are open during the term, and ample opportunities are furnished for the pursuit of *Practical Anatomy*.

The Dissecting ticket is \$5. An abundant supply of material for dissection is furnished on the most reasonable terms.

Saturday of every week is devoted to surgical operations, and a great variety of surgical cases are presented to the class.

Clinical lectures are delivered three days in the week in the Hospital.

Indigent persons who require advice or surgical operations, are gratuitously attended to, if they present themselves before the class on Saturday.

The great advantages derived from these clinics consist in the intimate knowledge of cases and their history; the opportunity of witnessing a great variety of surgical operations and the treatment proper for each case. From these clinical lectures and operations the students derive a great amount of varied practical knowledge.

A large and commodious HOSPITAL has been established nearly opposite the College, provided with a spacious Lecture Room, Dispensary, and every requisite for the Study of Clinical Medicine and Surgery, to which students are admitted free of charge.

Post mortem examinations, surgical and medical cases, in great number and variety are here exhibited to the class.

REGULATIONS.

The Matriculation fee is \$5. The fee for a full course, \$65. Perpetual ticket, \$110. The fees of each of the branches are as follows:

| | |
|------------------------------------------------------|------|
| Anatomy,..... | \$12 |
| Surgery,..... | 10 |
| Theory and Practice,..... | 10 |
| Chemistry, and Medical Jurisprudence,..... | 13 |
| Materia Medica and Physiology,..... | 10 |
| Obstetrics, and Diseases of Women and Children,..... | 10 |

Before a student can receive tickets of admission to the lectures of the professors, he must enter his name on the *Album* of the College, with his place of residence, the name and residence of his preceptor, and take a matriculation ticket from the Registrar. Students should Matriculate and take out the tickets with as little delay as possible after their arrival in the city.

Students who have attended two full courses of lectures at other medical institutions will be required to pay \$10, and the matriculation fee.

Students who have attended two full courses of Lectures at *this College* will be required to pay only the matriculation fee.

Graduates of this Institution have perpetual free admission. Graduates of other medical schools will be admitted by paying the matriculation fee.

REQUIREMENTS FOR GRADUATION.

The candidate must be twenty-one years of age, and exhibit certificates from a physician or surgeon duly authorized by law to practice his profession, that he has studied medicine and surgery under his instruction during a term of three years.

He must have attended two full courses of lectures, the last of which at this Institution.

He must deliver to the Registrar, six weeks before the end of the term, a thesis, written by himself, on some medical subject, and be prepared to defend it at his examination.

He must pass a satisfactory examination in the several branches of medicine and surgery.

The Graduation fee is \$20, which must be paid to the Registrar before the candidate can be admitted to an examination.

Price of board \$3.00 to \$5.00 per week.

J. V. P. QUACKENBUSH, M. D.,

ALBANY, 1864.

Registrar.

University of Albany.

1864-5.

LAW DEPARTMENT.

The Winter Term of 1864 commences on the last Tuesday of November, and the Spring Term of 1865 on the first Tuesday of March, and each continues twelve weeks. The next Fall Term will commence on the first Tuesday of September, 1865, and will be followed by two successive terms of twelve weeks each.

Any three successive terms will complete the entire course, each term being independent and complete, as to the instruction embraced in it. The method of teaching is by lecture, examination, and practice in moot courts. Two lectures are given daily, except Saturdays, and two moot courts held each week, at which causes are first argued by previously appointed disputants, then discussed and decided by the class, followed by the views of the presiding Professor. Thus the law is taught both as a science and an art.

The immense *Law Library of the State* is opened to the Students and all the terms of the *Supreme Court* of the Third Judicial District, and of the *Court of Appeals*, the highest in the State, are held in the city of Albany.

The fee for a single term is \$40 ; for two terms, \$70 ; and for three, \$100 ; in each case payable in advance.

The Professors and leading topics, are as follows :

HON. IRA HARRIS, LL. D., PRACTICE, PLEADINGS, EVIDENCE.

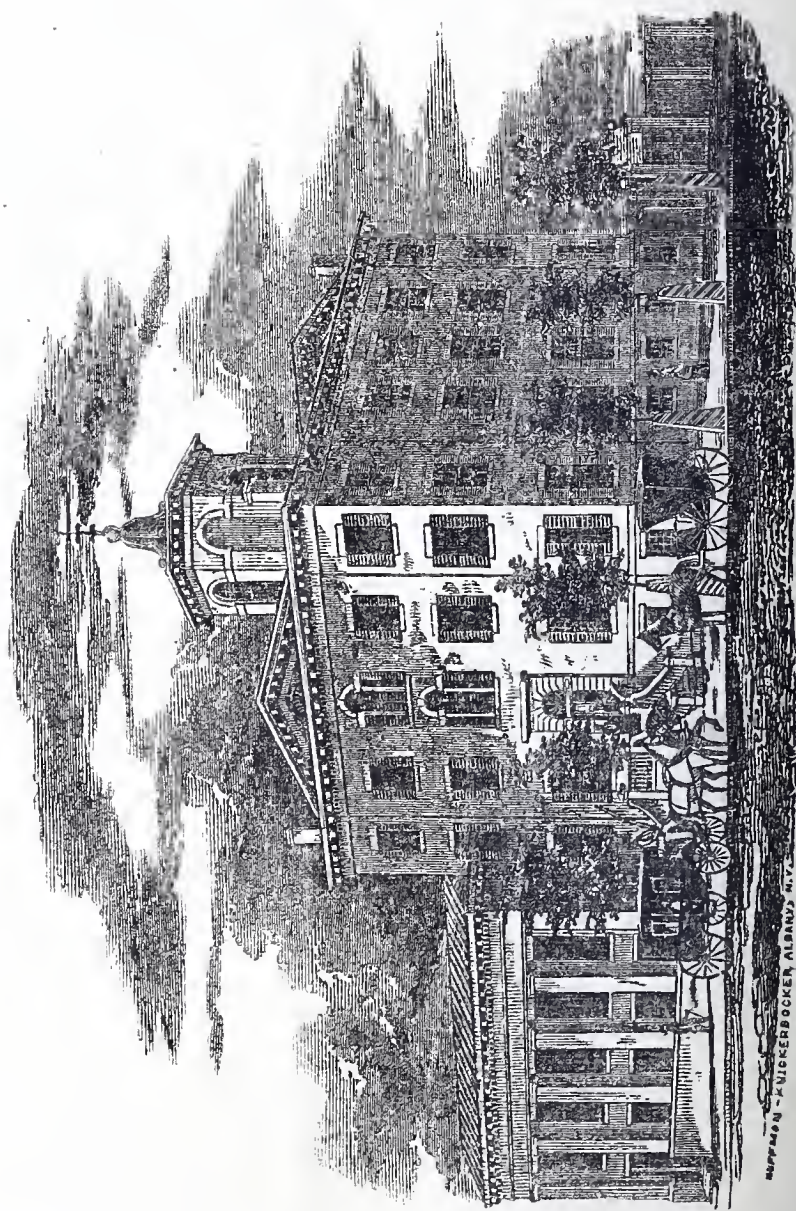

HON. A. J. PARKER, LL. D., REAL ESTATE, CRIMINAL LAW, PERSONAL RIGHTS.

AMOS DEAN, LL. D., PERSONAL PROPERTY, CONTRACT, COMMERCIAL LAW.

Circulars obtained by addressing AMOS DEAN, Albany, N. Y.

HON. REUBEN H. WALWORTH,
President of the Faculty.

HON. THOMAS W. OLCOTT,
President of the University.
